## The Eleventh Japan-China International Workshop on Information Technology and Control Applications

Tokyo University of Technology

Tokyo, Japan

2-7 August 2016

### Organizers:

Tokyo University of Technology

China University of Geosciences

Beijing Institute of Technology

### Aims

The purpose of the eleventh Japan-China International Workshop on Internet Technology and Control Applications, ITCA 2016, is to promote discussion and interaction between researchers and practitioners in the areas of information technology and control systems. We are particularly interested in fostering the exchange of concepts, prototypes, research ideas, and other results which could contribute to academic fields and also benefit business and the industrial community.

### Main Topics

- ◆ Cybernetics & Interfaces
- ◆ Network Communications
- ◆ Virtual Engineering
- ◆ e-Learning & Remote Laboratories
- ◆ Education and Information Systems
- ◆ Mobile/Wireless Computing
- ◆ Image, Acoustic, Speech & Signal Processing
- ◆ Applications of Advanced Control Theory
- ◆ Intelligent/Robust Modeling & Control
- ◆ Network Control
- ◆ Distributed/Decentralized Control Methods
- ◆ Robotics

## Information for Authors

- ◆ Use a two-column format on A4 paper. The title and author information should be centered across both columns on the first page. The illustrations and figures may also span both columns, but all text should be arranged in two columns
- ◆ Each paper should be in Microsoft Word format and not more than 10 pages long, and should include the name of the author(s), mailing address, postal code, company, telephone number, and e-mail address.
- ◆ The authors of accepted papers must attend the workshop and take part in academic discussion activities.

## Submission

Submit manuscripts in China to:

Prof. Zhihong Peng  
School of Automation  
Beijing Institute of Technology  
5 Zhongguancun Nandajie, Haidian District  
Beijing, 100081 China  
Phone: +86-10-68912464  
Fax: +86-10-68918232  
e-mail: peng@bit.edu.cn

Submit manuscripts in China to:

Dr. Zhengtao Liu  
School of Automation  
China University of Geosciences  
388 Lumo Road, Hongshan District, Wuhan  
Hubei, 410074 China  
Phone/Fax: +86-27-87175087  
e-mail: liuzhentao@cug.edu.cn

Submit manuscripts in Japan to:

Prof. Jinhua She  
School of Engineering  
Tokyo University of Technology
